REQUEST : Potential cost or schedule impact

➔Please provide locating dimensions for openings 2133A, 2133B, 2133C, 2109 & 2110A .

➔Per Barrys & I conversation, the answer to RFI #17 was, #2133C dimensions are determined by 2118 south wall (10'-4" @2122), dtl 17/A500 & the 4'-4" E/W dimension. Make2133A & B equal. Never actually discussed 2109 & 2110A locations. 2109 was scaled in the field & 2110A we haven't heard back on yet.

2110A: To be 8' west of column F3.
2109: To be approximately centered to x-ray equipment walls. The idea is to create a corridor between these 2 walls.
